Experience

Unicro Solution Company   **Feb 2024 – July 2024**
Web Development Intern   *Surat, Gujarat*

- Developed and maintained dynamic web applications using PHP, JavaScript, HTML, CSS, AJAX, and jQuery.
- Contributed to hospital management and ERP projects by implementing features such as user interfaces, form validation, and making employees allocation.
- Collaborated with cross-functional teams to integrate front-end and back-end components for seamless application performance.
- Assisted in troubleshooting and debugging web applications to resolve performance issues and improve overall functionality.

Sakrat Company   **Jan 2025 – April 2025**
Web Development Intern   *Surat, Gujarat*

- Developed and maintained APIs using C and ASP.NET.
- Implemented CRUD operations with Entity Framework and PostgreSQL.
- Built small-scale projects to enhance database interaction and application performance.
- Collaborated with the team to troubleshoot and optimize backend services.

Projects

Bid Bazzar - Ecommers and Auction Platform | *PHP, HTML, JS, AJAX, jQuery, CSS* December 2023
- * Developed a full-stack e-commerce platform where vendors can upload and manage product images and details, similar to Amazon.
- * Implemented a dynamic product listing system, displaying vendor products with real-time updates on the user side.
- * Designed an auction feature, allowing vendors to create auctions for their products and users to place bids.
- * Enabled secure user participation in auctions with live bidding, ensuring smooth transactions and a competitive marketplace.

News Waves | *ReactJs, CSS* March 2024
- * Developed a dynamic news website using ReactJS, fetching real-time news data through public APIs.
- * Implemented features to display news articles with images, descriptions, titles, and author details in an intuitive and user-friendly layout.
- * Integrated external API services to ensure continuous updates of the latest news content across multiple categories.
- * Added functionality to redirect users to the original news source for full articles, ensuring a seamless reading experience.
- * Built responsive components to optimize the site's usability across devices, providing a smooth experience for both mobile and desktop users.

Technical Skills

Languages: PHP, HTML/CSS, JavaScript, SQL, REACTJS, Csharp
Developer Tools: VS Code,Visual Studio, Git, AI
Technologies/Frameworks: GitHub, AJAX, JQUERY, Bootstrap, Entity Framework
