- C#

Experience

Unicro Solution (Feb-July 2024)   Surat- Gujarat

· Developed and maintained dynamic web applications using PHP, JavaScript, HTML, CSS, AJAX, and jQuery.

· Contributed to hospital management and ERP projects by implementing features such as user interfaces, form validation, and making employees allocation.

· Assisted in troubleshooting and debugging web applications to resolve performance issues and improve overall functionality.

Sakrat (Jan-April 2025)   Surat- Gujarat

· Developed and maintained dynamic web applications using PHP, JavaScript, HTML, CSS, AJAX, and jQuery.

· Contributed to hospital management and ERP projects by implementing features such as user interfaces, form validation, and making employees allocation.

Education

Veer Narmad South Gujarat University
SDJ International College
Bachelor of Computer Application
Nov 2021- Feb 2024
SDJ International College
Master of Science In Computer Application
2024

Skills Summary

Design/Development Process

Project Management

75%

65%

Bachelor of Computer Project:

<u>Bid Bazzar - Ecommers and Auction Platform |</u> *PHP,HTM,Js,AJAX,JQUERY,CSS*
December 2023

⋆ Developed a full-stack e-commerce platform where vendors can upload and manage product images and details, similar to Amazon.
⋆ Implemented a dynamic product listing system, displaying vendor products with real-time updates on the user side.
⋆ Designed an auction feature, allowing vendors to create auctions for their products and users to place bids.
⋆ Enabled secure user participation in auctions with live bidding, ensuring smooth transactions and a competitive marketplace.
⋆ Also you can check it out on my github i attached at title of project.

Learning Project:

<u>News Waves |</u> *ReactJs, Css*
March 2024

⋆ Developed a dynamic news website using ReactJS, fetching real-time news data through public APIs.
⋆ Implemented features to display news articles with images, descriptions, titles, and author details in an intuitive and user-friendly layout.
⋆ Integrated external API services to ensure continuous updates of the latest news content across multiple categories. ⋆ Added functionality to redirect users to the original news source for full articles, ensuring a seamless reading experience.
⋆ Built responsive components to optimize the site's usability across devices, providing a smooth experience for both mobile and desktop users.
⋆ Also you can check it out on my github i attached at title of project, And also there is many small project which i make for learning purpose they all are added on my github page.

Master of Science In Computer Project:

<u>RentRadar - House Rent Platform |</u> *PHP,HTM,Js,AJAX,JQUERY,CSS*
November 2023

⋆ Developed a full-stack house rent platform where owner can upload and manage house images and details.
⋆ User can easily filtering in which state or city they want to take houses on rent by showing house images whichare uploaded by owner of house and if they like they requestedthat house owner ad if approved they contactto owner.
⋆ Enabled secure user and owner by verification(OTP) system in project, ensuring smooth transactions and a competitive marketplace.
⋆ Also you can check it out on my github i attached at title of project.

Divyesh Naik

For Unicro Solution.

Sakrat

Date: 15th April, 2025

To,

Mr. Patel Krupal Priteshkumar,

32, Parijat Society, Gavendra Nagar,

Jahangirpura, Surat

Contact No: +91 9724358403

Subject: Internship Completion Certificate

This is to certify that **Patel Krupal Priteshkumar**, a student of **Sdj International College, Vesu**, successfully completed an internship at **Sakrat** from **16th January 2025** to **15th April 2025**.

During this period, he was actively involved in various tasks and responsibilities, including:

- Understanding and implementing **coding standards and best practices** to write efficient, scalable, and maintainable code.
- Gaining hands-on experience with **web app development technologies** and understanding their real-world applications.
- Learning and improving **problem-solving skills** by debugging, troubleshooting, and optimizing existing code.
- Adapting to the corporate environment by following **work ethics, team collaboration, and professional communication**.
- Actively participating in **knowledge-sharing sessions and technical discussions** to enhance learning and innovation.

Throughout the internship, he displayed excellent **learning ability, commitment, and enthusiasm** in grasping new technologies and applying them effectively.

We wish him success in their future endeavors.

Mr. Pavan Parekh (Founder & CEO)
